

Concordia Place: New name, same mission!

We are pleased to announce that Concordia Avondale Campus is changing its name to **Concordia Place**. We have grown so much over the last two years that we even outgrew our name.

We engaged in a name revision process to keep the Concordia identity and reflect the multiple communities and the generations that we now serve.

Concordia Place will be the name for our whole organization that includes both of our sites: Concordia Place on Seeley and Concordia Place on Whipple.

Concordia Place... where all of our neighbors can gather, learn, and grow.
